## DEVELOPMENT HIGHLIGHTS

Thanks to the generous support of our donors in 2011, 320 students received scholarships and grants; \$690,000 in new scholarship funds were donated; construction of the James L. Sorenson Molecular Biotechnology Building – A USTAR Innovation Center was completed in December; a generous gift from Peter and Catherine Meldrum will establish an endowed professorship in Chemical Engineering; Brett Helm’s gift will be used to create a student gathering place in Electrical and Computer Engineering; among other major gifts. The benefit of donor support is realized every day by College of Engineering students, faculty and staff. Thank you for your support of our mission.
