- Continuing support from H. Kent and Kathleen Bowen created an endowed professorship in the College of Engineering and the Department of Materials Science and Engineering.
- A generous gift from IM Flash Technologies provided scholarship support to nine high-achieving engineering undergraduates.
- Continuing generous support from Intermountain Power Agency, and other local power companies has funded the development of a power systems program in Electrical and Computer Engineering.
- Additional gifts from John A. and Amy B. Williams created a fully equipped board room and conference center for the Department of Chemical Engineering.
